Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Monday 25 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry overnight, rain moving in on Tuesday.

This Evening and Tonight:
A dry evening with clear skies for most of the region before cloud builds from the west overnight. Risk of frost forming under these clear skies. Feeling cold, especially over any lying snow. Minimum temperature -3 deg C (27 deg F).

Tuesday:
A band of rain, heavy at times, spreads eastwards across the region through the day, allowing ice to form in places. Further rain overnight. Feeling cold. Maximum temperature 5 deg C (41 deg F).

Outlook for Wednesday to Friday:
A dry start to Wednesday, before rain, heavy and persistent at times, moves in through evening, lingering overnight and into Thursday. Drier but showery on Friday. Feeling mild throughout.
